

CT3116

Improve your DMM's safety and utility with this fused probe and alligator clip kit. The two fused probes feature internal ceramic fuses rated at 10A. The overall safety specification is IEC61010-2-031 600V CATIII P2. In addition, they feature contact tips sheathed by spring loaded covers for increased user protection. The fully insulated alligator clips feature IP2X connections.

- Silicone jacketed lead Wire
- 10A Fused Probe Bodies
- Packaged in Clear PVC Pouch
