**Bulletin No:** PB419  
**Issue Date:** 6-14-2018  
**Effective Date:** 6-14-2018

**Description/Title:**  
New Spacer for Feeder Tube Unit and FX-1001

**Part No:**  
B5183

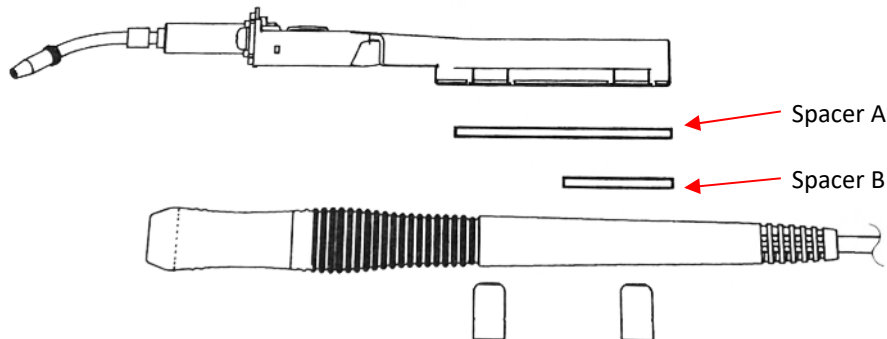

**Specification:**

Material	Foam Rubber
Color	Black
Size	Spacer A – 50 x 10 mm Spacer B – 25 x 10 mm
Attachment	Adhesive – Single Side

**Comments:**

When using the HAKKO 373 or HAKKO 374 Solder Feeder units, these spacers are required when attaching the tube unit (PNs: B3477 or B3478) to the FX-1001 Handpiece. The spacers are a foam rubber with adhesive on one side. The larger spacer (Spacer A) should be attached to the bottom of the tube unit using the adhesive side. The smaller spacer (Spacer B) should be attached to Spacer A, again using the adhesive side. After the spacers have been attached, the tube unit can be attached to the handpiece using the metal clips that were included with the tube unit. See the diagram below.
