Product Description:

ESD Safe Manual Desoldering Tool

Part No:

PD-03-D, PD-03-D/P

Specification:

Model No.:		PD-03
Length		201 mm (7.9 in.)
Stroke Length		~40mm (1.57 in.)
Weight	Unit	46 g (0.1 lb.)
	Shipping	68 g (0.15 lb.)
Dimensions (W x H x D)	Unit	Ø 25 mm (0.99 in.)
	Shipping	57 x 29 x 276 mm (2.25 x 1.14 x 11 in.)
ESD Safe		YES

Comment:

The HAKKO PD-03-D ESD Safe Manual Desoldering Tool provides a low cost and effective method for removal of residual solder during desoldering operations. With the press of a button, the spring activated vacuum system draws the molten solder from into the collection chamber which is easily accessible for removal of the solder and cleaning. The tool is made primarily of ESD Safe resins making the tool very light weight.
