Bulletin No: PB401

Issue Date: 3-10-2017

Available: 3-10-2017

Product Description:

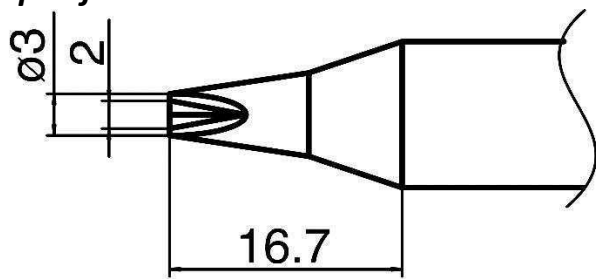

NEW HAKKO T33 Series Soldering Tip Shapes

Part No:

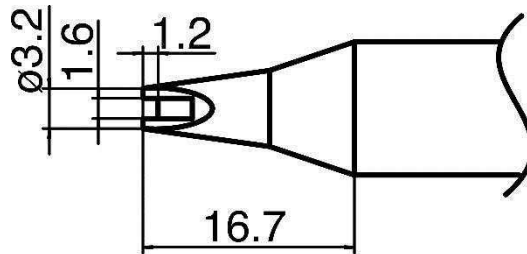

T33-1610, T33-1611

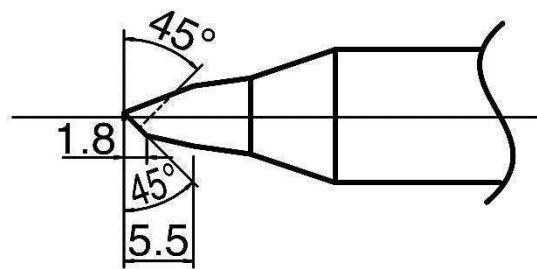

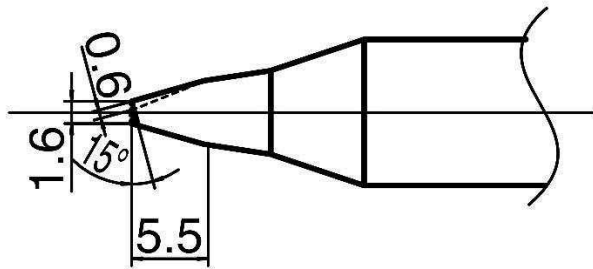

Specification:

T33-1610

T33-1611

Comments:

The T33 series tips are used on HAKKO FX-801 Ultra Heavy Duty Soldering station. This addition introduces two grooved tips designed to improve the flow of lead free solder on through-hole components.
