**PROFESSIONAL** 

## Weller

## **WMRP Set**

Product no.: T0052919099N

**Benefits** 

- > WMRP 55 Watt (Max.) micro soldering pencil with RT3 tip and WDH50 safety rest
- Compatible with WT2M, WD1M / WD2M series soldering stations and WR3M / WR3ME series rework stations
- > Made of aluminum with chrome plating and weighs just 75g
- The "tip to grip" distance is just 45 mm, placing you close to the work
- The pencil powers down when placed in the tool holder to extend tip life
- > Compatible with WDH 50 safety rest (order no. 0051515699)
- > ESD safe to protect sensitive components

| Active Tip heating element technology     | on                     |
|---|------------------------|
| Power Response heating element technology |                        |
| Silver Line heating element technology    |                        |
| Voltage                                   | 12 V                   |
| Power                                     | 40 W (55 W with RT 11) |
| Tip range                                 | RT                     |
| Supply unit                               | WD 1M, WR 3M, WD 3M    |
| WX-compatible                             |                        |
| Temperature range °C                      | 100 - 450              |
| Temperature range °F                      | 150 - 950              |
| Heating time                              | 3                      |
| Safety rest                               | T0051515699            |
| Safety rest (optional)                    |                        |
| Barrel                                    |                        |
| Integrated direct extraction              | Attachment T0052918599 |
|   |                        |
